Dear Beatriz,

It was lovely to have you in Washington. I enjoyed your company. I also enjoyed your paper. Just after you left, I found the enclosed article, which I thought might be of interest--positive or negative. I thought that your arguments for Datura were very convincing.

I am on a very brief trip to Maine. One of the Kubler daughters has a gallery in the town nearby. I will go to see her this afternoon when I mail this. I'll be back in Washington late next week and will look forward to receiving the list of slides that you need.

I am writing this on a very small but sophisticated electronic typewriter that I purchased in New York on my way here. It's delightful, but this is only the second thing I've written on it, and I'm still unsure of it. It has accents, but I don't yet know how to use them. Next time!

With best wishes,

As ever,

Beatty
