January 3, 1990

Dear Dra. de la Fuente,

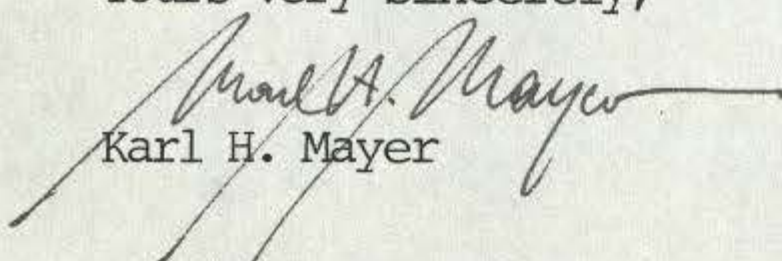

I gratefully acknowledge the receipt of four recent publications of the IIE and attach the four forms for your files. The publications will be mentioned in the "Bibliography" section of MEXICON, a journal devoted to Mesoamerican anthropology, and when off the press, I will send you a complimentary copy for your information.

I was particularly impressed with your fine catalogues on the stone sculptures of Tula and the Huasteca, as these are highly important corpora of widely scattered and often not easily accessible sculptures, representing valuable additions to the sculpture catalogues already issued, including the one on Olmec sculpture. Congratulations !

I am wishing you all the best and hope that your institution will proceed to publish other important publications on the rich sculptural tradition of ancient Mexico.

Concerning my address, please, be so kind to note me new one, as written above.

Yours very sincerely,

Karl H. Mayer
